# CURRENT FINDINGS ON GENDER DIVERSITY IN CHILDHOOD

**Lily Durwood, PhD**

**University of Washington/ Weill Cornell Medical Center**

---

People are becoming more aware that even young children can identify as gender diverse and/or transgender. In this talk, recent data on the mental health and gender development of gender diverse youth will be summarized and discussed. There will be a special focus on data collected by the TransYouth Project, which is a longitudinal study of gender diverse youth that began in 2013.
